HONOLULU Y. M. C. A. TAKES ITS PLACE AMONG LEADERS

When the directors of the Y. M. C. A. met and accepted the invitation to be a charter member of the National Federation of Training Centers, it placed the local organization on a par with the 25 leading associations of

the United States. It is a coincidence that Paul Super, former general secretary of the local Y. M. C. A., was the man who organized the new system which proved to be such a success in Y. M. C. A. circles. The associations have been selected for the class of work accomplished and their standing in the community. Also for their course of instruction to secretaries in training. Jay A. Urice has been named as the local representative on the council, and he will have charge of the fellowship training classes and the work in association history, organization and methods. He will also instruct in Bible study and reading courses. Paul Super, who originated the plan whereby associations would train secretaries for actual work, is now a secretary on the international committee.

Copies of the new map of Hilo have been received here showing the new streets and the old streets with changed names. Front street is now Kamehameha avenue and continues into Kalia avenue, which leads direct to Kuba wharf.

APOLLO CLUB TO BOOST MUSIC AT Y. M. C. A. EVENTS

At a meeting held in Cooke hall last evening, men interested in the formation of a music club gathered to decide upon an organization. It was voted to change the name from Glee Club to Apollo Club. Stanley Livingston presided, and after an hour's discussion it was decided to form a constitution.

In abandoning the name of Glee Club, the policy of the organization was changed considerably. Instead of being a small club of 20 members it was decided to limit the membership to 50 men, and this carries out the idea of a men's chorus instead of

a Glee Club. This will give more men an opportunity of training.

George Andrus will be pleased to meet any musicians who wish to join the club. Although the club was organized by the Y. M. C. A. it is not the policy of the founders to limit its membership to those belonging to the association. The Apollo Club plans to give a concert at the Hawaiian Opera House in February.

WORTH KNOWING

Women are liable to ailments which cause constant ill-health and on which they may consult doctors with out much relief. It is well worth knowing that they can get at the nearest drug store a simple medicine, made of roots and herbs, which is just what they need to recover health. That medicine is Lydia E. Pinkham's Vegetable Compound.—Adv.
